

2010 Leadership Butler Adult Nomination Form

The face of community leadership has changed. To truly tackle the tough civic challenges facing Butler County, we must develop skills and tools to face those civic challenges. The purpose of Leadership Butler is to provide actual **leadership training** to deal with those tough community issues, job related circumstances and personal growth. Being a “leader” in the community or place of employment is more than position or authority – it takes skills and capacity development to see things through and Leadership Butler provides those skills and tools.

If you know of someone who would be interested in learning more about the capacities and skills that will be facilitated, please forward their name and information will be sent regarding the Leadership Butler program.
